

Dear Mr. Russo,

My family and I were simply stunned when we received the KAC package and your wonderful donation. We are humbled and grateful beyond words; Sadie was wide-eyed with amazement as we explained it to her and she is working on some "art" for you now!!

Sadie is still recovering from her chemotherapy treatment and we are taking things day-by-day,

but we remain positive because of the incredible goodness in this world from people like you.

I so hope we can meet one day and introduce you to Sadie.

I have enclosed her 3rd grade school photo for you. I would also be interested in learning more about KAC and whether we can do anything to support your efforts!

Hallmark

All the best,

Van + Dale Lambert
